WARNING

OWNER'S MANUAL

Roof and frame are delivered separately in order to avoid shipping damage.

The first set-up requires to fasten the roof to the frame. Once top is permanently fastened, you do not need to remove it.

INSTALLING THE ROOF

- Place the frame it in the center of the set-up area. With personnel on opposite sides, grab frame legs and fully expand.
- Unfold the top and place it over the partially opened frame.
- Match the 4 corners of the frame and attach the canopy velcro strips to each corner
- To secure the frame, also attach valence velcro strips to the junction pieces of the frame

Important: Read this information before proceeding. Non-compliance will void your warranty. It is the user's responsibility to take the following precautions at all times.

- · Always stake or weight down your canopy
- Do not use, set-up or leave your canopy in any potentially harsh weather conditions: windy weather, rain, hail, sleet, snow, drizzle, or lightening.
- · Canopies are designed as temporary shelter
- Be cautious while handling. Avoid pinching hands or fingers as frame opens or closes
- · Do not leave your canopy unatended
- Keep all flame and heat sources away from fabric roof and walls
- Do not allow water of any kind to accumulate on the canopy top
- Keep your canopy off of steep slopes and inclines
- Do not use detergent to clean your canopy
- · Make sure the canopy is completely dry before storing it
- · Never wash the tops and walls in a washing machine

SET UP

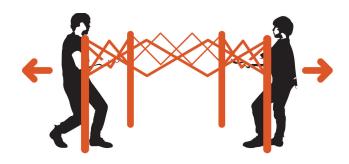

Set up is easy with 2 personnel

1. Place the frame it in the center of the set-up area.

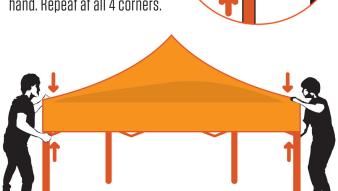

2. With personnel on opposite sides, grab frame legs and fully expand.

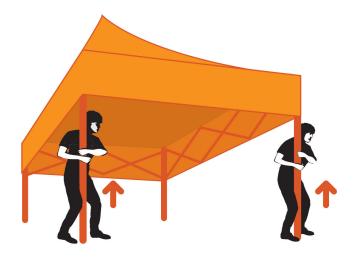

3. Grab the bottom of the central truss bar
Raise and move backwards simultaneously until the frame is
almost fully extended. The canopy will spread by itself.
Be careful not to pinch fingers or hands!

4. To lock the frame, push up the slider with one hand while holding down the top of the leg with the other hand. Repeat at all 4 corners.

5. With partner on adjacent leg, lift up each leg to slide out the inner leg until it locks. Repeat on opposite side.

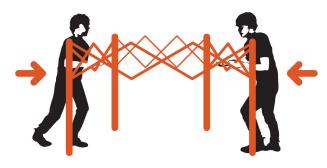

Always do 2 legs at a time.

TAKE DOWN

1. With partner on the adjacent side, pull down simultaneously by releasing the locking system. Repeat on opposite side. Always do 2 legs at a time.

2. Release the 4 corners sliders by disengaging the locking button.

3. With partner on opposite side, grab the bottom of the central truss bar and move forwards to fold the canop until it is closed. With each partner seizing 2 legs, bring them closer to fully fold it.

Be careful not to pinch fingers or hands!
