

20' STRONGBOX CN-20STRSTS

Features and Benefits

- Designed to stand up to the rigors of repeated reps and deployments
- Turnkey fitness solution that can be placed practically anywhere
- Patent pending design utilizes container's core stability to support the attached racks without requiring legs to touch the ground, allowing container to be placed on an uneven substrate
- Container units can be outfitted to the exact specifications of your mission
- Four easily adjustable squat racks
- Engineered for all environments
- Quickly assembles with simple tools
- Can be moved around when fully assembled
- Supports ACFT training
- Fitness equipment can be stored locked within the container on the included racks
- Combine multiple single units to create a larger fitness system
- Optional anchoring system included
- Optional graphics / wraps available
